

CLASSIC HYBRID 6 INCH

COLOR: BROWN

JCB-004A

DESCRIPTION

The Classic Hybrid 6 Inch shoe combines unique style with essential comfort.

This shoe offers resistance against heat, cold surfaces and features specialised electric hazard protection.

With a breathable lining and extra comfort in sock, ensuring maximum comfort for your feet.

MATERIAL DETAILS

- Upper: Action Leather
- Lining: 3D Mesh
- Sole: EVA + Rubber
- Insock: Memory Foam
- Toe Cap: Composite
- Midplate: Carbon fibre

PRODUCT FEATURES

- Action Leather, offering a softer, lighter and more durable alternative to natural leather.
- Action leather reduces environmental impact through an eco-friendly manufacturing process.
- Composite toe for impact and compression protection, with low thermal conductivity.
- Energy Master- Memory foam insole for exceptional cushioning and comfort.
- Lightweight EVA midsole for added comfort.
- Signature JCB multi utility design.
- 3D mesh lining for increased breathability and comfort.
- EVA and rubber outsole for excellent resistance to oil, water, abrasion, punctures, and heat.
- EH-rated non-conductive outsole for reducing the risk of electric shocks in dry conditions.
- Electric hazard protection
- Impact and Compression Resistant
- Puncture Resistant - Carbon Fibre Midplate
- SRC - Slip and Oil Resistance
- HRO - Heat resistant up to 300°C
- Standard - (ASTM F2413-18)

INDUSTRIES

- Construction
- Oil and Gas
- Drilling
- Mining
